Economic liberalization (or economic liberalisation) is the lessening of government regulations and restrictions in an economy in exchange for greater participation by private entities; the doctrine is associated with classical liberalism. Thus, liberalization in short is "the removal of controls" in order to encourage economic development. It is also closely associated with neoliberalism.

The ultimate question of how far government policing intervention is willing to go remains to be seen. But given what we've seen throughout history, our recommendation is to simply stay home and get out of the way if at all possible, otherwise you risk the real possibility of being thrown into a refugee reeducation
