Because of the amazing demand for our "wholistic" consulting and revolutionary products, we have to limit every inquiry (e-mail and telephone) to 15 minutes in order to help all those in need. After the first 15 minutes we charge our normal consulting fee. Please make use of all the free resources available 24 hours/day, by clicking on the buttons in the left-hand menu of every product page.

A taxonomy is a nothing more than a classification system that arranges elements within a field of science according to their relationships. As educational psychology progressed in the early 1900's, researchers sought to improve methods of teaching and learning by classifying the response and reaction to information and mapping intellectual functions.
