help their staff in transition steps while itâ€™s a challenge for them to adapt to the change as well. Not only they have to change personally, they also have to make their team through the change as well as implement the changes in their section. In the mean time the business should running as smoothly as possible.

### **Strategic change management: The challenges faced by**

challenge. Compelled by the threat of a nuclear Armageddon, humans must now raise themselves to a new dimension, a new level of consciousness beyond war. They must move to a new and sunlit plain of human maturity. That is the challenge to change. It is a chal-lenge to every human being to make a shift of evolutionary propor-tions.

### **The Challenge to Change - ee.stanford.edu**

The Challenge of Change Commission identified seven challenges where universities and their partners are particularly suited to make critical contributions to solutions. The Commission calls on public research universities to draw on their core and interrelated functions of discovery, engagement, and learning to address these challenges.
