Recent legislation passed by the South African government have lowered many restrictions on companies wishing to provide telecommunication access in the Republic. Competitors to the land-line monopoly have flourished, with special note given to providers of wireless broadband, who provide greater geographical penetration, by means of the technology used, than Telkom.

Africa is the world's second largest and second most-populous continent (behind Asia in both categories). At about 30.3 million km<sup>2</sup> (11.7 million square miles) including adjacent islands, it covers 6% of Earth's total surface area and 20% of its land area. With 1.2 billion people as of 2016, it accounts for about 16% of the world's human population. The continent is surrounded by the ...

Rape and HIV. The horror of rape in South Africa is compounded by the fact that around 10% of South Africans are estimated to be HIV positive. The highest rates of infection are found among women below the age of 30,[12] who make up a large percentage of rape survivors,[13] with almost one in three estimated to be infected.
