A Cold War incident known as the "Revolt of the Admirals" involved a number of retired and active-duty United States Navy admirals who publicly disagreed with President Harry S. Truman and Secretary of Defense Louis A. Johnson in their emphasis on strategic nuclear bombing executed by the United States Air Force as the primary means by which the nation and its interests were defended.

**Revolt of the Admirals - Wikipedia**

An aircraft pilot or aviator is a person who controls the flight of an aircraft by operating its directional flight controls. Some other aircrew members, such as navigators or flight engineers, are also considered aviators, because they are involved in operating the aircraft's navigation and engine systems. Other aircrew members, such as flight attendants, mechanics and ground crew, are not ...
