Pseudoryzomys is a rodent from south-central South America in the family Cricetidae. Found in lowland palm savanna and thorn scrub habitats, it is a medium-sized rat, weighing about 50 grams (1.8 oz). It has gray-brown fur, long and narrow hindfeet with small membranes between the toes, and a tail that is about as long as the head and body. Its conservation status has been assessed as least ...

An encyclopedia or encyclopædia is a reference work or compendium providing summaries of knowledge from either all branches or from a particular field or discipline. Encyclopedias are divided into articles or entries that are often arranged alphabetically by article name and sometimes by thematic categories. Encyclopedia entries are longer and more detailed than those in most dictionaries.
