EPA 402-K-98-001, June 1998 "The Building Air Quality Action Plan meets the needs of building owners and managers who want an easy-to-understand path for taking their building from current conditions and practices to the successful institutionalization of good IAQ management practices. It emphasizes changing how you operate and maintain your building, not increasing the amount of work or ...

Building Air Quality Guide: A Guide for Building Owners

Facility management (or facilities management or FM) is a professional management discipline focused upon the efficient and effective delivery of support services for the organizations that it serves. The ISO defines FM as the "organizational function which integrates people, place and process within the built environment with the purpose of improving the quality of life of people and the ...
