While family literacy activities are often based in reading, there are lots of other ways families can conduct literacy activities at home through picture books, songs, poetry and storytelling. Family literacy is defined as home literacy activities that provide literacy skill-building opportunities for young children while enhancing literacy skill development in all members of the family.

Promoting Family Literacy: Raising Ready Readers

integrating digital literacy into adult English language instruction. The module provides in-depth information

for teachers as well as administrators. **Integrating Digital Literacy Into English Language Instruction: Companion Learning Resource** This is a practical, comprehensive instructional resource written specifically for teachers.

Integrating Digital Literacy Into English Language

The aim was to identify the range of digital literacy practices in which children are engaged in the home and to explore how these are embedded into family life and involve family members. We use the term "digital" in relation to literacy to reflect the way in which reading and writing practices are increasingly mediated by new technologies in the new media age.
