The Golden Rule is a guideline for the operation of fiscal policy. The Golden Rule states that over the economic cycle, the Government will borrow only to invest and not to fund current spending. In layman's terms this means that on average over the ups and downs of an economic cycle the government should only borrow to pay for investment that benefits future generations.

In 2018, the Administration issued final rules governing association health plans and short-term, limited-duration insurance. This report describes how CBO and the staff of the Joint Committee on Taxation analyzed those rules and presents their findings, which are similar to those previously reported for the rules as they were proposed.

Understanding the Budget Process

Abstract: Over recent decades, central banks have made enormous strides in enhancing transparency around many elements of the formulation and conduct of monetary policy. Still, even for an audience of seasoned policy experts, providing clarity about aspects of monetary policy strategy is a daunting task and all the more so when the audience extends to the public at large.
