Branches of biology. Branch of biology "subdiscipline of biology, also referred to as a biological science. Note that biology and all of its branches are also life sciences.

### **Outline of biology - Wikipedia**

The specification is divided into biological topics, each containing different key concepts of biology. Once the key features of a biological topic have been developed, applications are considered.

### **AS/A Level GCE - ocr.org.uk**

Formal concept analysis (FCA) is a principled way of deriving a concept hierarchy or formal ontology from a collection of objects and their properties. Each concept in the hierarchy represents the objects sharing some set of properties; and each sub-concept in the hierarchy represents a subset of the objects (as well as a superset of the properties) in the concepts above it.
