Profound cultural and social conflict marked the years of the 1920s. New cultural attitudes towards race, immigration and evolution, along with changes in the social fabric, pitted the new cosmopolitan culture against more traditional and conservative ideals.

The 1920s - History of American Journalism

Journalism refers to the production and distribution of reports on recent events. The word journalism applies to the occupation, as well as citizen journalists using methods of gathering information and using literary techniques. Journalistic media include print, television, radio, Internet, and, in the past, newsreels. Concepts of the appropriate role for journalism vary between countries.

I. F. "Izzy" Stone. I.F. Stone was a radically liberal journalist in the 1950s when there were not many leftists in any field. As a leftist, he started his own newspaper, The Progress, when he was 14 and worked for several papers, always leaving for one reason or another. He wrote The Hidden History of the Korean War and criticized the government openly in the 1950s.

Finally, and perhaps most consequentially, 2018 was the year that tech companies lost the benefit of the doubt from governments. This was a result of a growing body of investigations, academic research and enterprise reporting detailing the ways in which social platforms have been used to undermine democracy.

The influence of social media platforms and technology companies is having a greater effect on American journalism than even the shift from print to digital. There is a rapid takeover of traditional publishers' roles by companies including Facebook, Snapchat, Google, and Twitter that shows no sign of slowing, and which raises serious questions over how the costs of journalism will be supported.
