Sexism is prejudice or discrimination based on a person's sex or gender. Sexism can affect anyone, but it primarily affects women and girls. It has been linked to stereotypes and gender roles, and may include the belief that one sex or gender is intrinsically superior to another. Extreme sexism may foster sexual harassment, rape, and other forms of sexual violence.

Rape by gender classifies types of rape by the sex or gender of both the rapist and the victim. This scope includes both rape and sexual assault more generally. Most research indicates that rape affects women disproportionately, with the majority of people convicted being men; however, since the broadening of the definition of rape in 2012 by the FBI, more attention is being given to male rape ...

As recently as five years ago, American corrections officials almost uniformly denied that rape in prison was a widespread problem. When we at Just Detention International—an organization aimed at preventing the sexual abuse of inmates—recounted stories of people we knew who had been raped in prison, we were told either that these men and women were exceptional cases, or simply that they ...
