Growth hormone in sports are one of the few legal steroids in 2018. It refers to the use of growth hormones (GH or HGH) for athletic enhancement, as opposed to growth hormone treatment for medical therapy. Human Growth Hormone is a prescription medication, meaning that its distribution and use without a prescription is illegal. There is limited evidence that GH doping improves athletic ...

Mission of the Division of Athletic Training The mission of the Division of Athletic Training is to provide course work and clinical experiences that are designed to develop skills necessary to conduct research and increase proficiency in sports injury prevention, education, and rehabilitation.

Post-Professional Master of Science in Athletic Training

Introduction. Much attention has been paid to concussions in children and adolescents, particularly concussions resulting from sports. The majority of the focus on concussions has been centered on diagnosis, education of key stakeholders regarding the problem, and the timing of safe return to play (that is, to sports and other physical activity).
