In a study of 163 owners, senior and middle managers, Lichtenstein (2005) empirically operationalized the Values, Observable characteristics, Strategic choice & behaviour, and Performance elements of the Upper Echelon Theory. He found that executive values had a direct and significant impact on organisational performance, whereas age, tenure, functional experience, and level of education did not.

4. Policy conditions A broad set of policy conditions influence the LEA's quality and impact and its place in the ultimate achievement of the government's overall goals in education leadership.

### **THE AUSTRIAN LEADERSHIP ACADEMY - OECD.org**

This study was motivated by the premise that no nation grows further than the quality of its educational leaders. The purpose of this theoretical debate is to examine the wider context of leadership and its effectiveness towards improving school management. This academic evaluation examines recent theoretical developments in the study of educational leadership in school management.
